IMPORTANT TRAVEL INFORMATION

Players who are traveling alone need to arrive/depart from the Phoenix International Airport (PHX). While this is the closest and most convenient airport, players traveling with a parent/guardian can fly into any airport they wish and at any time they wish. Please note that we will only provide ground transportation to/from the airport to players traveling alone and who arrive and depart on the travel days, travel times, and at the airport listed below. If you cannot find a flight that arrives/departs within the recommended times above, please contact Cecile Banas (cbanas@baseballfactory.com or 800-641-4487 ext. 119). We will do our best to accommodate you based on flights.

Airport: Phoenix Sky Harbor International Airport (PHX)

Arrival Time: Please book flights to land **between 6pm-8pm (or earlier if needed)** on Friday, January 17

Players traveling alone will be met by a Baseball Factory representative at their flight's baggage claim. Please note that if you need to arrive before this timeframe, you will have a longer wait time at the airport before departing for the hotel. In the days prior to the event, you will receive an email that will include the name and cell phone number of Baseball Factory's main point of contact for the event. This will be the person in charge of all airport pick-ups. If you have any questions prior to receiving this email, please contact Cecile Banas at cbanas@baseballfactory.com

Players who are traveling with a parent/guardian should meet at the hotel between the hours of 6-8pm on Friday, January 17 for check-in. **Please note that for players traveling with a parent/guardian, it is usually quicker and more convenient for your son to travel with you to hotel rather than waiting for the Baseball Factory shuttle. This shuttle is primarily meant for players traveling alone.**

Departure Time: Please book flights to take off between **4-7pm (or later if needed)** on Monday, January 20

****UNACCOMPANIED MINOR POLICIES (usually only applies to Players ages 12 and below and only on certain airlines)**

Most airlines consider ages 12 & under an unaccompanied minor, while others are ages 14 & under. Be sure to check with your airline. This entails paying an extra fee (usually \$100). DO NOT check the box on the Travel Form if you did not pay an extra fee.

- If your son is traveling alone and considered a minor by his airline, please be sure to indicate this on the Player Travel Information Form and please include any special instructions for our staff (i.e. A staff member will need to pick him up at the ticket counter, a staff member will need to sit with him at his gate until the plane takes off, etc). If the airline asks you to provide a name of the adult who your son will be released to in Phoenix, please be give them Justin Roswell, (805) 451-8203. Depending on staffing assignments, this may change closer to the date of the event. We will notify you if this does change.
 - DO NOT book any flight (non-stop or connecting) that is the last flight of the day. This is to prevent the need for an overnight stay in a hotel in the event of a cancelled flight.
 - Parents should inquire with their airline to pre-pay for all unaccompanied minor and/or baggage fees. With the mounting fees and amount of players traveling alone, our staff will be unable to cover these costs for players at the airport. Please be sure your son has enough cash with him to cover these expenses or contact your airline to pre-pay if possible.
 - Guidelines/Procedures for Unaccompanied Minors vary by airline. Please be sure you are familiar with your airlines policy's and make sure to relay any pertinent information to us on the Player Travel Information Form.
 - Please contact Cecile Banas at cbanas@baseballfactory.com or (800) 641-4487 ext. 119 with any questions or concerns.

How to prepare for your Player Development event

We are excited to have you involved in our Player Development program. We look forward to working with you to help you improve. However, it will take work on your part as well. You need to be thinking about getting yourself in Baseball Shape before the event in order to get the most out of your experience. Please make sure you are preparing weeks before the start of this event, not days before.

To make the most of your opportunity, make sure you are prepared when you arrive. Preparing yourself does not mean only going to the gym and lifting weights, it involves your effort to get your Baseball Specific skills as sharp and as close to game speed as you can get them. Below is a suggested workout to follow:

- **Throwing** - All players need to throw AT LEAST every other day. You should throw for 15-20 minutes each workout, and long toss twice a week if possible. If you have no partner to throw with, then throw into a net or a fence.
- **Running** – All players need to run sprints 3 TIMES PER WEEK (every other day). Run 4 60-yard sprints, 4 40-yard sprints, and finish with at least a 15 minute jog each workout (the best way to better your 60-yard dash time is to run 60-yard dashes).
- **Fielding** – Position players should have their legs ready to go through full days of drills, repetitions, conditioning and games. You will be on your feet a lot during the week, and will need to have enough strength and flexibility to maintain your energy level. In addition to fungos or live work with a ball (if possible), make sure to incorporate other work such as: jump rope, agility ladder drills, and dry footwork for your position (all can be done indoors if needed).
- **Hitting** – All players need to AT LEAST swing a bat every day. Work on game speed dry swings, and as much as possible you need to: see thrown pitches, hit off a tee, and take soft toss.
- **Pitching** – All pitchers need to throw AT LEAST 3 or 4 times per week, with 2 of those times per week being 30-40 pitch bullpens to a Catcher. If you have no catcher to throw to, then throw into a net or fence. Make sure to work on off-speed pitches also.
- **Lifting** – If you ARE currently on a lifting/conditioning program, maintain it while you ADD the above baseball specific training. If you ARE NOT currently on a lifting/conditioning program, DO NOT start a new one right before your event. If you do, you will be sore and tight and unable to prepare your baseball specific skills as necessary.

Keep in mind, this is only a suggested minimum amount of work to do. This is your opportunity. You have to decide how much work you are willing to do to prepare for it. Again, please make sure you are preparing weeks before the start of this event, not days before.

If you have any questions about the information above, or would like further guidance please feel free to contact us.

Baseball Factory National Tournament Team Philosophy

The Baseball Factory is committed to providing each and every player that participates in our National Tournament Team events with a Player Development experience. We believe that the key to each and every player maximizing his ability on the field is to experience national competition in game situations, in addition to building better fundamental skills through intense training.

The Baseball Factory's philosophy for National Tournament teams is to treat each team like an All-Star Team and to rotate players providing them with equal playing time, similar to how Major League Baseball treats its All-Star Game. Every effort will be made to balance playing time evenly throughout the roster as it relates to innings played and plate appearances. Players that pitch and play a secondary position may receive slightly more playing time. Since we have hand selected each player we believe that it is essential that each player have an equal opportunity to perform.

We feel the Player Development experience outlined above to be critical to the mission of what Baseball Factory stands for as an organization. We do understand that baseball is a competitive sport and our coaches and players want to win. While each player is on the field, we expect them to play hard and do everything it takes to help our team. However, we will not sacrifice our philosophy in order to ensure a "win at all costs" approach by minimizing playing time for any player on the roster.

Primary & Secondary Positions:

Each player is required to declare (1) **primary position**. In addition, each player has the option to list (1) **secondary position**.

- This should have been done when registering for the event with your Player Development Coordinator

- Baseball Operations staff will verify at on-site registration, but cannot guarantee the acceptance of any last minute position changes (based on roster position limits)

If you declare yourself a **PRIMARY C, 1B, 2B, 3B, SS or OF:**

- you will receive a fair and equitable amount of defensive time during games at your primary position, and as needed at your secondary position (if listed)

- you will receive a fair and equitable number of game at bats

- if RHP or LHP is listed as your secondary position, you will get at least one mound outing as needed (our first priority is to get the primary RHP and LHP mound innings)

If you declare yourself a **PRIMARY RHP or LHP:**

- you will get at least one mound outing (our goal is to give you two mound outings, but it will depend on the length of the event and the health of the pitcher's arm)

- you will receive defensive time at your secondary position (if listed) during game(s) in which you are not pitching (out priorities are to get the primary position players innings, and to protect primary pitchers arms/prepare them for potential additional mound outings)

- you will receive a fair and equitable number of game at bats

Advice for a **Two-way Player:**

- if you want to pitch more and play less innings in the field, declare RHP or LHP as primary

- if you want to play more innings in the field and pitch less, declare C, 1B, 2B, 3B, SS or OF as primary

- in either case, you will receive a fair and equitable number of game at bats

Please note: at times roster limitations for the event (ie: number of committed players already on the roster) will dictate which positions can be listed as your primary or secondary choice

SPECIAL NOTES

- if you declare SS or 2B as your primary position, please note that the case may arise in which we insert middle infielders at both middle infield positions and 3B (SS may play some 2B and/or 3B, 2B may play some SS)

- the case may arise in which we insert players at a position which is neither listed as primary or secondary

- primary or secondary position outfielders may play LF, CF, or RF

By signing below, you are acknowledging that you have read the above philosophy and understand how the rotation of players will take place.

Commitment Agreement

All of us at Baseball Factory are committed to help and assist each and every player we see across the country. We spend lots of time and resources to travel to as many cities around the United States as possible. We exert this effort in order to find players who need our help and guidance along the path to college baseball. We are committed to give you, the player, and the parents as much of our knowledge and time as possible to ensure your journey through baseball is smooth and successful.

Our National Tournament Teams and Training events are comprised of players who are selected from National Tryouts and Showcases up to six months in advance. Our National player selection process allows us to choose players across the entire U.S. You are competing with players from all 50 states for a spot on one of our prestigious teams. If you are selected and commit to play both Baseball Factory and your teammates are counting on you.

If you are required to make ongoing monthly payments to finalize your registration fees to attend a Baseball Factory National Tournament, Training, or Recruiting Event (including any fundraising efforts that you may be seeking for additional support), you are committed to adhering to the payment plan that has been created for you by The Baseball Factory staff. Please note: If you elect to pay your balance on a monthly payment plan, you are responsible to ensure that the monthly payment will be processed on the date that it is scheduled with the payment information provided. In the event of any default under the terms of this agreement, you agree to be responsible for any and all collections costs, including court costs, interest and reasonable attorneys' fees of twenty (20%) of any and all monies due. If any dispute arises out of the terms and conditions of this Agreement, you hereby agree that Howard County, Maryland shall be the exclusive jurisdiction for resolution of any and all disputes and that Maryland law shall be applied to any action brought in state or federal court.

For all Baseball Factory Player Development events (tournaments and training) and the company's Exclusive College Recruiting Program, that result in player cancellation in excess of 30 days from the event (including injuries, weather related occurrences, personal emergencies, schedule changes, and travel delays) any payments made prior to an event are transferable* without penalty to a future Baseball Factory event, as long as the event is within the same calendar year. For all cancellations that occur inside 30 days from the event, any payments made prior to this point will be forfeited and may not be transferred to another event, or refunded, unless the player provides a doctor's note clearly stating that he is physically unable to perform at the event. If a doctor's note is provided, any monies paid will be transferable to a future Baseball Factory event within the same calendar year. Player fees will not be refunded.

*Excluding the Arizona Senior Fall Classic. For the Arizona Senior Fall Classic, a \$1,000 non-refundable, non-transferable deposit is required for registration.
